

Hello, and welcome. I hope you enjoy my submission to this website.

As a Worcestershire Writer, I am proud to announce my latest venture, a lifestyle column for 'The Bright Times' newspaper. This free edition is being launched in March 2008 and will be distributed throughout the County. My column, 'Liz on Life,' will be a regular slot for articles, reviews, 'agony corner' walks, and information about the local area. [www.thebrighttimes.com](http://www.thebrighttimes.com)

I review excellent places to wine and dine, with Worcestershire being home to many fine pubs and restaurants. As a keen walker, I'm often in the countryside with my camera and notepad to record the superb walking available in our picturesque County.

Besides this, I undertake marketing strategies for companies. Whether you are an established company, a charity, local choir, walking society, or about to launch a new business - remember, it pays to advertise. And what better way than a good review for your new website or promotional material. Any aspect of sales and marketing is important to your company, so please allow me to advise, or point you in the right direction, if your requirements are not within my remit.

Please email me on [elizabeth\\_haydenjones@yahoo.co.uk](mailto:elizabeth_haydenjones@yahoo.co.uk) and I will gladly contact you.

I look forward to hearing from you.

Elizabeth Hayden-Jones
